Mr. C. Gardner Sullivan

Winnifred Reeve

With reference to the attached communication from  
Maidee Crawford:

All that I know about Miss Crawford is that she was the Censor on the lot when I was here before as story editor. I believe she did her work her work very efficiently. She also once or twice told me that she could do continuity but I do not believe she was ever given a script to do. Neither have I ever read any story by her.

She is a very ambitious young woman and, I think has some executive ability. She dropped in to see me last week but I only had a few words with her as I was very busy at the time.
